Re: Naturist Action Committee, et.al. v. Dept. of Parks & Recreation, et.al.

Dear Ms. Fletcher:

As you are aware, the court's minute order, dated August 27, 2008, states in part, "Parks is ordered to maintain the status quo, and enforce the Cahill Policy as it has done since its issuance and subsequent interpretation by the Harrison Letter, at Trail 6 in San Onofre State Beach."

Signs that were placed on the beach and its surrounding areas regarding enforcement of CCR 4332 must be removed immediately. The signs were placed as a part of the Department's "education program" for rescission of the Cahill Policy at San Onofre. The signs are a misstatement of CCR 4332 and, most importantly, serve to discourage individuals who wish to use the clothing-optional beach as is their right.

Removal of the signs should be easily accomplished before the coming weekend. We would prefer to avoid another hearing, but should the signs remain, we won't hesitate to seek a court order for their removal.

Very truly yours,

Elva P. Kopacz
